

# DUETO PARFUMS

MAY 2012

This is the story of a lady in today's world...

She lives in Paris, NYC, London, Tokyo, or any city in the East or West.

She is cosmopolitan: active, connected, fresh and feminine with no boundary in her style. Her wardrobe is a mix of lace maxi dresses, biker jackets, killer heels, boots and a bit of ruffles.

She is appealing, charming and stylish. Someone you want to chat, hangout and connect with – SHE IS COOL.

**DUETO PARFUMS** newest perfume for the urban lady – 'LADY COOL'.

This perfume was built around her personality: it opens with a fresh floral and sweet scent; then evolves into tenacious warm woody notes that are enriched with a musky scent.

'LADY COOL' is a free-bird that does not follow trends but creates her own unique hip style.
